

OSIATIS ACQUIRES CPI'S APPLICATIONS AND INFRASTRUCTURE ENGINEERING BUSINESS

Vélizy, 20th June 2008 - Osiatis, an IT services company specialised in IT transformation outsourcing and application developments with new technologies, has agreed the purchase from the CPI group of Rouen of its units operating in the applications and infrastructure engineering sectors. These activities, of approximately equivalent size, achieved a total sales figure of €3.5m for the financial year 2007, with a balanced result. Incorporation into the accounts of Osiatis has been effective since 1st May 2008.

Strengthened presence in Normandy and a new services centre in Rouen

With this operation, Osiatis acquires more than 50 experienced technicians and engineers, present on key accounts in Upper and Lower Normandy.

This acquisition is a perfectly logical step in the positioning of Osiatis and its policy of customer proximity. It has also given the opportunity to create a services centre in Rouen.

Next meeting: Publication of Q2-2008 sales on 29 July 2008, before the market closes.

Osiatis is one of France's foremost IT services companies specialised in IT transformation outsourcing and Application developments with new technologies.

The Group has a workforce of around 3,000 employees and is established in France, Belgium/Luxemburg, Spain and Austria.

Osiatis is listed on Eurolist by Euronext Paris - Compartment C (ISIN code: FR0004044337) and included in the MIDCAC and SBF SM indices.
